

## USAID/E3, Office of Education Summer Project

Project Title	USAID/E3, Office of Education Summer Project
Project Summary	The intern will research, analyze and develop an array of visual supports to promote messaging and contents in the area of inclusive education as it relates to disability, gender and LGBTI.
Country	United States
Agency	Agency for International Development
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	2

## Project Description

The project involves three primary components: analyzing, planning, and designing. The analysis component is specific to understanding and becoming familiar with the conceptual frameworks and training modules relating to disability, gender and LGBTI inclusion into USAID Education programming. The planning component will focus on brainstorming different ways to message and visually communicate information and concepts relating to inclusive education. The designing component will be to design and produce videos, info-graphics and other modes of communication, visual or otherwise, relating to integration of disability, gender and LGBTI considerations into USAID Education programming.

## Desired Skills Interests

## Additional Information

You will work with two education experts in the area of Disability and Gender located in USAID's Office of Education in Washington DC. You will get the opportunity to learn about the programs we work on in developing countries around the world and tap into our wide networks of partners and individuals.
